CYS Music Project

The Project was established in 1996 following repeated and numerous requests from young people living in Ennis. Since its inception the project has worked with over sixty bands and involved several hundred young people in a variety of projects and performances.

The project now includes the music zone, the Ennis Music Projects and the Shannon Bands project.

The Music Zone Project was an initiative, set up in partnership with the Garda Youth Diversion Project and Ennis West Partners, to help young people gain access to musical equipment and tuition.

The Projects in Ennis and Shannon are organised by a committee with representatives from a variety of young bands operating in the areas. These young people on the committees are supported by a number of staff and volunteers to develop the work of the projects. The committees oversee the purchase of equipment, organisation of all the performances and the administration of training events.

All young people who are interested can register with the projects simply by completing a registration form, which is available at the Youth Information Bureau in Ennis and the Information Point in the Library in Shannon. Once registered all members receive information and updates on all project activities by text or email

Project Activities

Practice Space - Fully equipped

Acoustic Gigs

Bands Nights'

Competitions

Tuition - Master classes in a variety of instruments

Music Zone

The Ennis Project is based at the Clare Youth Service building on Carmody Street..
